DIMENSIONS SHEET SERIES Ø132
UNBROKEN EARTH - DIRECT CONNECTION

Serie/Series Ø132

Sezionatori bipolari + terra passante connessione diretta 16A – 400V – 4mm²

Two poles disconnecting switches + unbroken earth direct connection 16A - 400V – 4mm²

Basette femmina bipolari + terra passante connessione diretta
Two poles + unbroken earth direct connection female bases

Ø000013234

Basetta standard 16A
Standard base 16A

Ø000013235

Basetta con fissacavo 16A
Standard base 16A

Basetta femmina bipolari + terra passante connessione diretta con attacco rapido
Two poles + unbroken earth direct connection female bases with quick connection

Ø000013238

Basetta standard 16A
Standard base 16A

Ø000013239

Basetta con fissacavo 16A
Base with cable clamp 16A

ACC00124A0

Connettore bopolare
Two poles connector

Da utilizzarsi in abbinamento alle basette maschio di seguito riportate (vedere pag.19-23)
To be used in combination with the following male bases (see pages 19-23)

Ø000013011

Basetta bipolare standard senza morsetti di uscita
Standard two poles base without output terminals

Ø000013211

Basetta bipolare + terra senza morsetti di uscita
Two poles + earth without output terminals base

Ø000013013

Basetta bipolare standard con morsetti di uscita
Standard two poles base with output terminals

Ø000013213

Basetta bipolare + terra con morsetti di uscita
Two poles + earth with output terminals base

Ø000013012

Basetta bipolare con distanziali, senza morsetti
Base two poles with spacers, without output terminals

Ø000013212

Base bipolare+terra con distanziali senza morsetti di uscita
Two poles + earth base + spacers without output terminals

Ø000013014

Basetta bipolare con distanziali, con morsetti
Base two poles with spacers, with output terminals

Ø000013214

Base bipolare + terra con distanziali e morsetti di uscita
Two poles + earth base with spacers and output terminals
